

DOWN STATERS WIN BATTLE WITH COOK COUNTY DELEGATES

**Vote to Restrict Cook County to One-Third
the Membership in the Senate—Will Try
to Make Similar Limitations in House—
Would Give Each County House Member**

SPRINGFIELD, Ill., Dec. 1.—Winning their first encounter with Chicago forces in the renewal of the legislative apportionment fight downstate delegates to the constitutional convention by a vote of 58 to 30 late this afternoon adopted a provision to restrict Cook county to one-third the membership in the senate and seemed assured of their announced intent to impose a similar limitation upon membership in the house.

Debate upon that phase will be resumed tomorrow morning. Its adoption was indicated by defeat of an amendment which would soften its treatment of Cook county. The vote was 36 to 53.

Today's proposals were offered by George A. Barr of Joliet, County representation provided for in his plan is its greatest departure from the present system. It would give each county one member in the lower house and one additional to each county for population in excess of 50,000, one representative to 50,000 or major fraction thereof.

That in effect would increase Cook county's membership from 57 to 62; and increase the downstate from 96 as at present to 112. Under that system Cook county, Mr. Barr said might have a majority in the house in the distant future in about fifty years.

George C. Cale of Galesburg offered an amendment that every county under 15,000 should lose its identity and be merged with the contiguous county of least population. He declared representatives should be of the people and not of the land. His amendment was lost 36 to 53.

Accuses Anti-Saloon League. There was a remarkable lack of fire in today's debate as compared with the debate of the same question in June. The most lively outburst was that of Charles H. Hamill of Chicago, who cried out that the anti-Saloon League was in back of the move to choke Cook county, and pointing to Superintendent Scott McBride in the galleries, asked Mr. Barr to have him come down and sit in the chairman's seat.

Mr. Barr denied that the anti-Saloon League had any part at all in framing his proposal. Five more speeches including principally one by Judge Cutting of Chicago remain for tomorrow, before a vote is taken up on section seven. Beside that there is another section promised by the downstate that would provide that the proposal to limit Cook county in both houses might be submitted to a vote of the people.

Would Limit Other Counties. Beside limiting Cook county the proposal for limit downstate counties. Under only one county outside Chicago would have three representatives in the lower house and only eight or nine would have two apiece. All the others would have only one.

Section five adopted today provides not only for fifty seven senators, an addition of six to the downstate and no addition for Cook county, but directs a redistricting of the state at the first session of the legislature following adoption of the new constitution. Redistricting would be provided for each ten years thereafter, commencing in 1931.

Earlier in the day the convention adopted a section regarding constitutional amendments. It provides that such amendments shall be deposited with the governor and be held by him while a new legislature is elected, so that the peoples' will may be expressed through their election of representatives, opposing or approving the federal amendment.

Apartment House Collapsed Burying Several Persons

(By The Associated Press.)
NEW YORK, Dec. 1.—Broadway, at 52nd Street, was suddenly transformed late this afternoon from a scene of bustling activity to one of desolate wreckage when a nine story apartment house under repair collapsed burying several persons beneath the debris. At least one person is believed to have been killed and six others are unaccounted for.

Broadway was crowded with shoppers, workers hurrying to their homes and afternoon theatergoers when a terrific crash rent the air as the building toppled into the street. Fortunately the bulk of the debris fell into 52nd Street which was comparatively free from vehicular and pedestrian traffic, altho tons of

FILIPINOS READY FOR INDEPENDENCE HARRISON AVERS

**Says Stable Government
Has Been Established**

**MAKES REPORT
TO WASHINGTON**

(By The Associated Press.)
WASHINGTON, Dec. 1.—Political activity and post-war economic disturbances have caused a renewal of the sentiment in the Philippine islands for independence, according to Governor General Burton Harrison's annual report made public tonight. The governor's recommendation that independence be granted is renewed with the declaration that "the stable government stated as a pre-requisite has already been established in the Philippines."

The public statements of allied and associated leaders during the war about the rights and liberties of small nationalities and the enunciation of the doctrine of self-determination have been widely disseminated in the Philippines," the report said, "and confidence in the prompt formation of the league of nations seemed to offer future security for Philippine independence."

The first general election in the islands in July, 1919, demonstrated the ability of the Filipinos to effect a political government, the report said, although irregularities and defects in the election laws were apparent. It recommends equal suffrage for the islands.

Foreign Trade Decreases. Total foreign trade of the Philippines for the year was slightly less than for 1918, the report said, the balance of trade shifting quiet heavily against the islands before the end of the year. Although sugar exports were less than fifty per cent of the previous year the crop brought nearly twice as much as in 1918. Expenditures for the year exceeded revenue by about \$3,500,000, leaving a treasury surplus from former years of about \$14,000,000.

Preliminary census figures for the islands showed a population of about 10,350,000 persons of whom but 855,000 were non-Christians.

Dr. T. J. Pitar was reported in a critical condition Wednesday night. He is being attended by Dr. Red and Dr. Duncan and his brother-in-law, Dr. Griffith of Springfield.

WILL HOLD GARLAND ESTATE IN TRUST FOR AN INDEFINITE PERIOD

**The Trustees Will Hold the
Property for His
Heirs**

**GOT PECULIAR IDEAS
IN GREENWICH VILLAGE**

(By The Associated Press.)
NEW YORK, Dec. 1.—Henry D. Tudor, managing trustee of the \$1,250,000 estate which Charles Garland of Buzzard's Bay, Mass., recently refused to accept as a bequest from his father, declared today in a statement that he thought Young Garland acquired his ideas regarding inheritance from associations formed in Greenwich village, New York's "Bohemian quarter" where he passed four months a few years ago.

Mr. Tudor, who is president of the Commonwealth Finance Corporation and a distant relative of Young Garland, said that the trustees were "embarrassed" by his attitude in refusing to accept the property. Mr. Tudor declared he was being besieged by charitable organizations and people desiring to establish hospitals and orphanages who desire to obtain the estate or at least the income from it.

"Continue Trusteeship. The trustees are convinced, however," said Mr. Tudor, "that nothing can be done but to continue the trusteeship indefinitely. We hope that Garland will change his opinion but, if not, we will keep the property to give to his heirs. We are bound by law to make no other disposal of the estate."

Mr. Tudor referring to Garland's life in Greenwich village said that he understood the young man had been a close friend of John Reed, newspaper and magazine writer, who recently died in Soviet Russia. Mr. Tudor said he considered Garland entirely competent but possessed of peculiar ideas regarding money.

"Perhaps a few years from now Garland's views may not be considered peculiar," he commented.

LIQUOR DEALERS TRY TO CORRUPT GOVERNMENT MEN

**Offer Money to Prohibition
Enforcement
Officers**

**SEVERAL ARRESTED ON
BRIBERY CHARGE**

(By The Associated Press.)
NEW YORK, Dec. 1.—Extensive effort by liquor dealers to corrupt government agents with money were reported today by prohibition enforcement forces. They had corralled several sellers of intoxicants to face federal indictments in bribe charges.

"It has been developed that crooked liquor dealers are always well prepared with large amounts of ready cash," he said. "Usually they have thousands of dollars with which to buy off government officials. Satisfactory enforcement of the law is hopeless if the agents are to be continually tempted on every turn with the lure of getting more money in a minute than the amount of their salary in months or years, or, as frequently is the case, in a lifetime in legitimate employment."

"Inspectors in the federal prohibition service are expected to receive any money tendered them as bribes and to deliver it to the United States attorney to be used in evidence for prosecution."

OLDEST ELK IN ILLINOIS IS DEAD

PEORIA, Dec. 1.—George Hyde Shammee, oldest member of the Moose Shrine and oldest Elk in Illinois, is dead today following an illness of a week. He died Tuesday morning.

He came to Peoria from Dixon, Ill., where he conducted a hotel. He was a 32nd degree Mason, a member of the Dixon consistory and the Oriental Consistory of Chicago. He also was past exalted ruler of Peoria lodge of Elks, and for a long time district deputy. The body will be taken to Dixon, Ill., for burial.

CO-OPERATIVE TAILOR SHOPS FOR ST. LOUIS

St. Louis, Dec. 1.—Two co-operative tailor shops will be opened here within the next week under the direction of the Merchant Tailors' association of St. Louis, on a plan that will result in a material reduction in clothing prices, according to Samuel L. Fox, president of the association.

A reduction of \$10.00 to \$15 on clothing now selling from \$45 to \$70 will be effected, Fox said.

MANY WAITING TO COME TO UNITED STATES

Palermo, Sicily, Dec. 1.—Seventy thousand persons are awaiting an opportunity to emigrate to the United States are causing much congestion here. Only 1,500 can sail each month. From six to eight steamers, carrying ten thousand steerage passengers are sailing monthly from Naples for America.

State Executives To Seek Aid For Farmers

HARRISBURG, Pa., Dec. 1.—Governors and governors-elect representing more than half the states of the union voted at their annual conference here today to begin an inquiry into what was variously called the "acute" alarming and "tragic" situation facing farmers of the country with a view to recommending federal legislation to assist them.

As a first step toward carrying out their plan which was suggested by Governor W. L. Harding of Iowa, the conference appointed a committee consisting of Governors Harding, Bickett of North Carolina, Holcomb of Connecticut, Parker of Louisiana and Goodrich of Indiana to make a preliminary survey and report back before the conclusion of the conference. After that, it is contemplated to send the committee to Washington to urge legislation before congress which convenes this month.

The object of the state executives, which is said to be without parallel in the history of the American government is for the organization of governors to suggest to congress and actively advocate passage of legislation necessary to refund the debts of farmers who are pinched by falling markets with heavy stocks of surplus products on hand, so as to give them a year or more in which to recoup losses and wait for a strengthening market. It is proposed to do this thru extension or adoption of the federal reserve system. A second proposal also scheduled to receive consideration by the committee is another by Governor Harding that a foreign trade corporation be formed to finance purchases of American farm products by foreign countries unable thru present lack of funds to come into the American market.

One voice, that of Governor Edwards of New Jersey was raised in objection. The eastern executive, who is a banker, said he thought federal legislation such as contemplated by his colleagues would be economically wrong.

Conditions should be left to adjust themselves he declared. Agricultural and industrial conditions thruout the country, characterized most of the expressions by speakers addressing the governors today.

KANSAS GOVERNOR WOULD ESTABLISH INDUSTRIAL COURTS FOR INQUIRY INTO "BUILDING TRUST"

**Believes They Would
Do Away With La-
bor Quarrels**

**DECISIONS
SATISFACTORY**

(By The Associated Press.)
HARRISBURG, Pa., Dec. 1.—Governor Henry J. Allen of Kansas recommended today to the conference of governors here a nationwide extension of methods adopted in Kansas of setting up a court of industrial relations. He said the Kansas court had rectified long-standing wrongs to labor and declared that experience in his state had proved that strife between capital and labor should be settled through impartial adjudication rather than by arbitration.

This method, he asserted will do away with the "soft-handed radicals who make their living by quarrels they foster between the employer and employee."

Governor Allen said that every other form of quarrel except that of strike had been done away with by the establishment of courts and asked:

"Is there any reason for assuming that government may not find justice for the laboring man in his controversy with his employer?"

Readers Many Decisions. The governor said that since last February, when the Kansas court of industrial relations has rendered 14 decisions in cases brought by representatives of organized labor, and all these except one, which has been appealed to the federal court, have been accepted as satisfactory both by labor and capital. The decision in two cases brought by employing capital had been accepted by both sides.

"In spite of the fact that every decision of the court had been inoperative of its capacity to serve and its disposition to render exact and impartial justice, every union leader is fighting the law," the governor declared.

"Why don't they give it a fair and honest trial?" "I'll tell you why—it is because they know that if the government may find justice for the employee in his controversy with his employer, then there will no longer be any reason why laboring men should pay out of their pockets every month a share of wages to keep going a lot of soft-handed radicals who make their living off the quarrels they foster between labor and its employers."

The trial of George Backer, millionaire builder charged with perjury in connection with testimony before the committee was temporarily halted today when the court took an adjournment until Thursday morning out of respect for the memory of Judge James T. Malone, who died today of apoplexy. The jurors were permitted to go to their homes instead of being locked up for the night as had been intended.

SCOTLAND YARD DEALS
WITH SINN FEINERS
London, Dec. 1.—Operatives of Scotland Yard who are dealing with the Sinn Fein organization in London continued today active searching of residences and business houses in various parts of the city.

The searches were carried on mostly in the southwest portion of the city which is largely a residential district for the middle class.

Two men were detained as a result of the searches. One of them later was released, no charge having been preferred against him. The police are maintaining the greatest secrecy with regard to their operations.

TEN YEARS TO WIFE OUT TYPHUS IN POLAND

Washington, Dec. 1.—Prediction that it will take ten years to wipe out typhus in Poland, where there are 250,000 known cases, was made in a report today from Dr. Charles E. Webster, who recently arrived in Warsaw to direct the Red cross campaign against the disease.

PROBE OF SHIPPING BOARD AFFAIRS WILL CONTINUE IN JANUARY

**Cranor Denies Statements
Made by Tucker
Sands**

**WANY WITNESSES
TESTIFIED**

(By The Associated Press.)
NEW YORK, Dec. 1.—The Walsh congressional committee, investigating affairs of the United States Shipping Board, terminated here today a three weeks' open session. The committee will resume its work after the re-convening of congress, sitting for a time in Washington before returning to New York. Among witnesses testifying today were John Cranor, former representative of the Dickey Shipping Building corporation at Washington and Lester Sisled, former secretary of the shipping board who were named by Tucker Sands in his testimony as sharing in an alleged fee of \$40,000 which Sands said was paid to obtain a shipping board contract.

Both witnesses denied the charges and asserted they were unable to say what motive inspired Sands to make them.

During the sessions here subpoenaed and volunteer witnesses testified to numerous alleged instances of mismanagement and lack of accounting and checking which were said to have resulted in losses to the government of millions of dollars.

Martin Gillen, expert assistant to former Chairman Payne, testified that more than \$2,000,000,000 of the value of the ships from which the government appropriated approximately \$4,000,000,000 had "been amortized" and should be treated same as "burned powder" or other war emergency expenses.

WEST VIRGINIA CITY SELECTS MAYO RPRO TEM

**Regularly Elected Mayor is
Ill in Cincinnati**

**DEPUTY SHERIFF
DIES OF WOUNDS**

(By The Associated Press.)
WILLIAMSON, W. Va., Dec. 1.—State Senator William York, Republican, was named mayor pro tem by the members of the city commission at its meeting here tonight. Senator York will assume the duties of Mayor Peters who is ill in a Cincinnati hospital.

The action was taken after the military had notified civil authorities that the city must be "cleaned up" the police department had been almost powerless to act without a mayor.

Interest in the Mingo county coal strike situation centered today in the appointment of a mayor pro tem by the city commission tonight for the city of Williamson, the county seat and at present military headquarters.

Mayor W. O. Peters is ill in a Cincinnati hospital. He has been reported to military headquarters during the past 24 hours.

The report of the death of William Frances, deputy sheriff, at a Welch, W. Va., hospital remained undisputed at headquarters. Francis was shot at Baranshee, Ky., yesterday in attempting to make an arrest.

Nathan Bevers is being sought in connection with the shooting.

UNEMPLOYED SEIZE SEVERAL TOWN HALLS

(By The Associated Press.)
LONDON, Dec. 1.—Restlessness among the city's unemployed coupled with the lack of housing accommodations led to the seizure of the town hall at Edmonton, a Northern suburb of London, by several hundred men today. The occupation of the building was entirely without violence. The men announced that they will use the town hall as their headquarters until something is done for them.

The town hall at Tottenham, another working district near the city was the scene of a similar peaceable seizure yesterday. The unemployed men who took possession of the building, however, evacuated it today when the council announced that accommodations had been found for them in the corner's court and in two large store houses.

ADVANCED WATER RATES GRANTED TO CAIRO

Springfield, Ill., Dec. 1.—Advanced water rates in Cairo, were granted the Cairo Water company by the State Public Utilities commission today. The percentage of increase was not given, but the order provided that schedule number two might be put in effect, excepting sheet two. The company was directed to keep its elevated tank full at all times for use in case of fire.

GENERAL OBREGON IS INAUGURATED AS MEXICAN PRESIDENT

**Took His Oath of Office at Midnight Tuesday—Many Diplomats Witnessed the
Ceremony—Mexico City Residents Celebrated the Event Throughout the Night**

MEXICO CITY, Nov., Dec. 1.—General Alvaro Obregon was initiated president of Mexico at midnight last night. The simple ceremony of taking the oath of office marked the fourth time in the republic's history of 99 years that the executive power has been transferred peacefully.

George T. Summerlin, charge d'affaires for the United States, was among those present at the ceremony.

Provisional President dela Huerta, who sat at General Obregon's right as he was sworn in in the chamber of deputies, was the first to embrace the new president and as the succession of retiring and newly appointed cabinet ministers, members of congress and other officials greeted President Obregon, moving picture machines clicked and energetic photographers kept up a fusillade of flash lights.

Diplomatic Gallery Was Filled. It is understood Mr. Summerlin attended the ceremony in his personal capacity and without any of the members of the embassy staff having received instructions from Washington to appear as a courtesy to the incoming president.

The Argentine ambassador and the minister of Cille, Italy, Germany, Spain and Belgium were present.

Japan, China, Sweden, Uruguay, Cuba, Peru, Great Britain and France were represented by their Charges d'Affaires, while Guatemala, Salvador, Honduras, and Nicaragua sent special delegations.

Prior to the inaugural ceremonies, the adherents of Mexico City tendered General Obregon a banquet in the municipal building at which the new minister of industry and commerce, Rafael Zubaran Capmany, welcomed on behalf of the government the American and other visitors, his address being replied to by Governor Larrasolo of New Mexico, who spoke on behalf of the visiting American governors.

Shortly before midnight those at the banquet started for the chamber of deputies, making their way thru a dense crowd that filled the streets and threatened to overflow past the long lines of soldiers. General Obregon entered the chamber with Provisional President de la Huerta.

Oath Administered. Immediately General Obregon had taken his seat on the rostrum the oath was administered and after brief felicitations he retired in company with Senor de la Huerta who today takes the oath as President Obregon's secretary of treasury.

With its new president safely installed in office, Mexico City made a carnival for the remainder of the night. The cafes, which normally close at midnight offered special musical programs and dancing beginning at that hour.

In the streets holiday crowds threw confetti and bands played everywhere.

Many Killed or Wounded In Ireland Up To November 27

LONDON, Dec. 1.—(By The Associated Press.)—Persons to the number of 673 have been killed or wounded in Ireland up to November 27 of the present year by anti-government elements, according to a statement issued today by the home office. The deaths do not include twenty persons killed in Londonderry and 62 in Belfast during the summer rioting, nor fifteen cadets killed in the Kilbrannigan barracks Sunday night.

The statement says that 151 men have been killed and 230 wounded; that 47 soldiers have met death and 103 wounded. Civilians to the number of 41 have been killed and 161 wounded.

Sixty seven court houses have been destroyed and 523 police barracks have been destroyed and 161 damaged. There have been 830 raids on mails and 45 raids on coast guard stations and 161 houses. In addition there have been 2,961 raids made for arms.

Another official statement says the arrests in Ireland have been considerably over 100 weekly. During the last three weeks of November 466 persons were taken into custody for political offenses, including 169 during the last week of the month.

The constitutional convention adopted a very sensible proposal yesterday in connection with the state reapportionment plan. It is proposed to give each county, no matter how small its population, at least one representative in the general assembly.
The Democratic national committee has a deficit from the recent campaign of \$241,000. If all this sum is to be assessed against the successful Democratic candidates most of them will be forced into bankruptcy, since the list is so very small.

It frequently happens that residents of the most newly settled areas are the leaders in public enterprises. So one county in Texas has erected a county flat building. The purpose is to furnish living quarters at low prices to teachers in order to supplement their salaries and to encourage them to remain in their educational work.

AMERICA'S GROWTH IN HORSEPOWER
No unit of measurement of the growth of America's industries is more convincing or more accurate than the foot rule of horse power. In twenty years the consumption of electrical energy has expanded nearly 4,000 per cent. Twenty years ago, on the best data available, the industries of America consumed only about one-half million horsepower. In fact, electrical horsepower then equaled only five per cent of all primary horsepower. Today, electrical horsepower annually is about 20,000,000 and already enlargements of central station service are being made to take care of 24,000,000 by the beginning of 1924.
The electrical motor has won universal favor and has largely supplanted the steam gas and gasoline engines in many fields of industry. The shortage of labor and the shortage of fuel have served only to emphasize the savings in the overhead of the electrical motor.

TARIF REVENUES
"Senator Curtis' estimates of a possible billion of customs revenue to be derived from the restoration of protective tariff rates is by no means overdrawn," declares the Republican Publicity association, thru its president, Hon. Jonathan Bourne, Jr. "The tariff situation today presents a startling example of how the Democratic assurance that lower rates meant increased revenues and decreased living costs failed to materialize. By the end of September of this year we had imported \$4,358,000,000 worth of goods, which paid \$237,730,000 in duties, or an average ad valorem of 18 per cent. Thus, in 1920 three and one-third times the imports of 1913 paid revenue something less than \$27,000,000 in excess of those of 1913. This is a mighty big wash and precious little hang-out. The Republican ad valorem applied to the Democratic imports would have split half a billion dollars more in revenues than was actually received."

"The Payne-Aldrich tariff law was a much maligned measure. During its life, 1909-13, its average ad valorem was under 20 per cent, while Wilson-Gorman law of Democratic parentage during its mill-killing career averaged over 21 per cent. The fault lay in the fact that the schedules of the latter were all out of joint. But Senator Curtis' estimate does not entail the adoption of tariffs prohibitively high. Along about 1899-1900 the average ad valorem just shaded 30 per cent. Assuming that \$2,500,000,000 worth of foreign goods can be annually absorbed by this country during the next decade without paralyzing domestic industries, it is plain that a 30 per cent ad valorem would realize \$1,000,000,000 in revenue. At the present time, with goods

GRACE WOOD JESS HERE FOR VISIT
Well Known Singer of Folk Songs Will Visit Parents, Mr. and Mrs. R. S. Wood—To Give Concert Here in December.
Mrs. Grace Wood Jess is expected to arrive in the city today from California for a visit with her parents, Mr. and Mrs. R. S. Wood, southeast of the city. Mrs. Jess, who has been a resident of California for a number of years, has made a special study of folk songs and has won great fame as an interpreter of these songs in costume. While here last year she gave a concert at Illinois Woman's college which was one of the musical events of the season. Because of the success of that concert and the frequently expressed desire of local music lovers to again hear Mrs. Jess, Rev. James Caldwell chapter, D. A. R., has arranged with her to give another concert. The date for the concert has been set for Thursday, December 16, and will be given in Music Hall at Illinois Woman's college. Mrs. Jess will sing the old favorites and many new songs and will also appear in new costumes. She will also appear in concert in Springfield on Dec. 9.
Students of the Expression Department of Illinois College, under the direction of Mrs. Perry C. Thompson, will give a recital Thursday evening, Dec. 2nd, at 8 P. M., at Academy Hall. An attractive program has been prepared, consisting of a comedy sketch, a dramatic sketch, a monologue, and some short poems. Admission is free and the public is cordially invited.

ECZEMA ON
CHILD'S FACE

In Little Pimples. Hands Poisoned. Cuticura Heals.

"Our little girl was three months old when eczema started on her face in little pimples. She rubbed until her face was almost like raw meat. Her hands became poisoned so that I had to tie one of them up, and she cried. "We read about Cuticura Soap and ointment so we bought a cake of Soap and a box of Ointment, and in four weeks she was healed." (Signed) Mrs. J. D. Dupler, Thornville, Ohio, June 18, 1919.

Prevent Further Trouble
By Using Cuticura Daily

Prevent these many distressing, disfiguring skin troubles of childhood by using Cuticura Soap, and no other, for every-day toilet and nursery uses instead of impure, coarse, or strongly medicated soaps. Mothers, think of what it means to your child to go forth into the world handicapped by a disfiguring skin trouble.

Dust your skin with Cuticura Talcum, an exquisitely scented face, skin and baby powder.

DOESN'T NEED ANY
LAXATIVES NOW

Mr. Becker says life is a joy, without constipation or stomach trouble.

"I had catarrh of the stomach and head for three years. My stomach was so bad that every time I ate anything sweet, such as fruit or pastry, the burning hot water would run out of my mouth. I took a laxative every night.

"Since taking Milk's Emulsion, my bowels move regularly. I have now taken ten bottles and have gained 10-12 pounds. All my friends remark how fine I am looking, and it seems a pleasure to live again, without stomach trouble."—Bert Becker, Miami, Ohio.

Physicians usually make slaves out of their users, and weaken the bowels instead of exercising them. Stomach trouble in many cases is directly due to constipation.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

"No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 75c and \$1.50 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

Baldwin will be kept from work for several days.

A GOOD BEGINNING
The new pastor of Bethel A. M. E. church desires to thank their many friends for the excellent support given in our Thanksgiving effort to raise funds to meet the pressing obligations. The amount raised was \$666.24, which was divided among the creditors. Therefore we desire to say to the public that we found upon our entry the church in very deplorable financial condition, but at our earliest opportunity will use every effort possible to re-establish a reliable credit among the business men of this community.

Again thanking the public for past favors, we remain,
Sincerely yours,
R. H. Hackley, Pastor.

ILLINOIS SOIL EXPERTS
INVEST IN SOUTHEAST MISSOURI LAND

(From St. Louis Post-Dispatch.)
The Himmelberger-Harrison Land Selling Co., of Cape Girardeau, Mo., reports several notable sales of farm land. This company has in the past few years sold nearly 100,000 acres of cutover drained lands in Southeast Missouri, the greater part of which has been put in cultivation. The new settlers largely from Central and Northern Illinois.

Among recent buyers of land in Southeast Missouri, according to Julien N. Friant, treasurer of the company, are several soil experts of the Agricultural College of the University of Illinois, including Dr. W. L. Burlison and C. C. Coffey, Prof. Henry P. Wusk and L. A. Medden, all of whom bought in the western part of New Madrid county.

"Each of them made a personal investigation of the soil and country, and Dr. Burlison was especially enthusiastic," Friant said, "his expectation of rapid development being based upon the fact that drainage work is about completed and hard roads being built in every county, each one of which has voted road bonds on its own hook, the total being about \$3,000,000.

An intensive campaign is on that is expected to make Cape Girardeau county one of the centers of pure-bred Guernsey cattle, and of the dairying and fruit-raising industry."

LOCAL ATTORNEY ON
MEMORIAL COMMITTEE

Attorney Hugh P. Green will leave Thursday for Chicago to attend a meeting of a committee of the Illinois State Bar association, which was appointed recently to compile material and discuss a soldier's memorial, honoring former members of the state association who died while in service during the World war.

Some time ago a number of Illinois lawyers, veterans of the war, were formed into a committee which will secure data. These memorials are to be published in book form by the Illinois State Bar association and will be an important contribution to the history of the participation of the profession in the World war.

Edgar F. Telma, former major in the United States army, is chairman of this committee.

While in Chicago Attorney Green will attend a dinner to the Supreme court on Friday at the LaSalle hotel.

50 Hens Laid 3 Eggs A Day. Now Lay 36

Tells How to Make Idle Hens
Produce Money in Winter.

"When I began using Don Sung in
December, I was getting only 2 or 3

This 3 or 4 dozen eggs
a day, at winter prices
was almost clear profit.
Your hens should do as
well. It's no trouble to
use Don Sung and you
risk nothing by trying it under this offer.
Give your hens Don Sung and watch
results for one month. If you don't find
that it pays for itself and pays you a
good profit besides, simply tell us and
your money will be cheerfully refunded.
Don Sung (Chinese for egg-laying) is a
scientific tonic and conditioner. It is
easily given in the feed, improves the
hen's health and makes her stronger and
more active. It tones up the egg-laying
organ, and gets the eggs, no matter
how cold or wet the weather.
You can obtain Don Sung from your

SYNDICALISTS ARE DEPORTED FROM BARCELONA

Sent to the Balearic Islands
in the Mediter-
ranean

GOVERNOR SAYS ONLY REMOVAL

MADRID, Dec. 1.—Salvador
Seguar, popularly known as Roy
Delucere and a number of other
leading syndicalists were taken
from Barcelona Monday night on
board the Yacht Girafda for
transportation to the Baleari Is-
lands in the Mediterranean.
The civil governor of Bar-
celona speaking today on the re-
moval of the syndicalists said:
"This is a removal, rather
than a deportation. It is my belief
I am doing a good turn for
many of those sent away, other-
wise they might become the vic-
tims of the excited populace,
which is tired of the constant
outrages."

The newspaper El Solu says:
"It is a dangerous proceeding
on the part of the authorities to
mix the social with the terrorist
problem of Barcelona. While
leading syndicalists have been
imprisoned the real chiefs of two
bands of terrorists remain at
liberty. Criminals who are con-
nected with the extreme syndi-
calist movement and the anti-
syndicalist group, which is ex-
citing reprisals, still continue
their sanguinary struggle. There
should be no hesitancy or mercy
in pursuing them."

AMERICA MAY GROW THE "PERFECT PRUNE"

Wilmington, Del., Dec. 1.—
The "perfect prune" is soon to be
grown in America. Professor L.
R. Detjen, of Delaware college,
told the 34th annual convention
of the Peninsula Horticultural so-
ciety yesterday.
Describing his super-prune,
which is to be evolved from a do-
mestic plum, Professor Detjen
said it would be the first time an
American variety has been adap-
ted to the prune purpose the out-
put hitherto having been grown
from European varieties.

NEW OIL COMPANY IS ORGANIZED

Pacific Oil Company Takes Charter
in State of Delaware—Southern
Pacific Company Will Subscribe
for \$52,500,000.

New York, Dec. 1.—Organiza-
tion of a new company to be known
as the Pacific Oil Company was
announced here tonight by the
Southern Pacific Company as the
chief feature of its plan providing
for the separation of its oil and
railroad properties.

The new company will be or-
ganized under the laws of the state
of Delaware with a capital stock
of 3,500,000 shares of no par val-
ue, for which the Southern Pacific
Company will subscribe \$15 per
share or \$52,500,000.

From this amount the new com-
pany will purchase from the
Southern Pacific Land Company, as
of January 1, 1921, for about
\$43,750,000 about 259,000 acres
of land now owned by the South-
ern Pacific Land Company and
269,690 shares having a par value
of \$20,000,000 of the outstanding
stock of the Associated Oil Com-
pany.

DISCUSS WAGES OF ANTHRACITE MINERS

Conference is Again Resumed Be-
tween Scale Committee and Sec-
retary of Labor Union.

Washington, Dec. 1.—The door
to further wage increases in the
anthracite coal industry beyond
the 17 per cent raise awarded by
the federal commission last Aug-
ust was opened today at a con-
ference between the Anthracite
joint scale committee and Secre-
tary Wilson of the department of
labor.

The government, Secretary Wil-
son advised the committee, would
not interfere with any changes
which the committee might agree
to make in the federal commis-
sion's agreement. This position
was understood to mean that the
scale committee may increase
mine wages above the scales laid
down in the agreement under
which the mines now are operat-
ing, providing the operators con-
sent.

Informal announcement was
made later that the joint scale
committee would resume its de-
liberations next Monday afternoon
at Philadelphia. Operators' rep-
resentatives at today's conference
declined to give any indication of
their probable attitude.

A Stubborn Cough Loosens Right Up

This home-made remedy is a won-
der for quick results. Easily
and cheaply made.

There is a home-made syrup which
thousands of people have found to be
the most dependable means of break-
ing up stubborn coughs. It is cheap
and simple, but very prompt in ac-
tion. Under its healing, soothing in-
fluence, chest soreness goes, phlegm
comes, breathing becomes easier,
tickling in throat stops and you get
a good night's restful sleep. The
usual throat and chest colds are
cured by it in 24 hours or less.
Nothing better for bronchitis, hoarse-
ness, croup, throat tickle, bronchial
asthma or winter coughs.

To make this simple cough syrup
mix 25 ounces of Rex into a quart
bottle and fill the bottle with plain
granulated sugar syrup and shake
thoroughly. If you prefer use chlori-
nated or honey syrup. Either way,
you get a full pint—a family supply
—of much better cough syrup than
you could buy ready-made for three
times the money. Keeps perfectly
and children love its pleasant taste.
Rex is a special and highly con-
centrated compound of genuine Nar-
ray pine extract, known the world
over for its prompt healing effect
upon the membranes.

To avoid disappointment ask your
druggist for 25¢ ounces of Rex

THE OPEN AIR SCHOOL DRIVE

The following address, with re-
ference to the drive for the open
air school was made by Miss Susie
Lynch at the Second Christian
church Sunday and was heard
with great interest.

As many of us know, today has
been set aside as the beginning of
the Open Air school drive. It is
to be as a preface of what is to
follow the remainder of the week.
The next few days you will prob-
ably be accosted by many chil-
dren, asking you to buy their
Christmas Red Cross seals.

In every local Protestant church
today someone has been chosen to
give a short talk on "The Open
Air School Drive."

The drive really does not refer entirely
to the Open Air school, but it has
been given that name because a
part of the proceeds collected in
the drive is to go towards feeding
and clothing the children there.
Then, too, by calling it the Open
Air School Drive, the people in
this locality will naturally become
more interested and have a great-
er desire to help such a worthy
cause.

The object of the drive is for
two purposes. As above stated,
to help the tuberculosis society
buy food for the school and to
help pay the expenses of the Mod-
ern Health Crusade movement
which has been installed into all
the schools in the county.

We all know the school is for
tubercular children. Yes, it is
that, but we have no open cases
there. By that, I mean we take
in no child who is really tubercu-
lar and running a temperature.

If there has been a death from
tuberculosis in a home or if there
is anyone in a home so inclined to
that disease, the child, though
perhaps not at all affected him-
self, is put in the school as a pre-
ventive, that he may be saved if
possible.

Many of the children there, are
those who are retarded in their
school work, because of any phys-
ical ailment. Many are there,
however, who are under-nourished.
The lack of proper nourishment
and rest will cause a defect in
any of our lives. It is surely pitiful
to see so many of the children
who come there, so poorly clad,
rest broken, and hungry. Eight
of them are negro children. Some
have had no food at home and no
comfortable bed on which to sleep.
And it is through the Social Ser-
vice league that many of them get
their clothing.

The children come to school at
8:30 a. m. and at 8:40 a. m. they
are given a substantial lunch of
cereal or cocoa.

Once a year, around about the
first of December the Tuberculosis
society puts out stamps called
Red Cross Christmas seals. They
put them in all the schools in the
county and a prize is always given
to the school selling the most
stamps.

They are only a penny apiece
and are sold mostly by the chil-
dren themselves. Apart from buy-
ing food for the school, the rest
of the proceeds collected from the
sale of the stamps, goes towards
paying for the expense of the
school children's chore cards,
which comes under the crusade
movement.

Every parent or guardian, who
has had a child in the schools in
Morgan county the last two years
knows what these chore cards are.
They have everything imaginable
in them which pertains towards
making the child strong and
healthy. The regularity of his
meals, the care of his teeth, the
number of baths he should take
each week and the number of
hours' rest he should have each
day, etc.

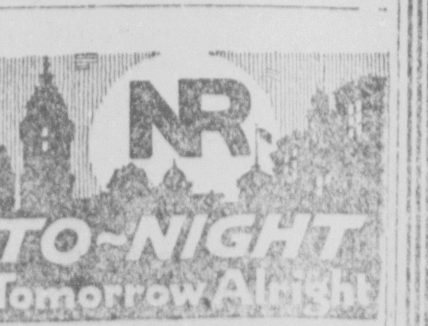

But more about the school. It
is called the "Josephine Milligan
School" because Dr. Milligan did
so much towards organizing it.
And while she was overseas work-
ing for the government, the Board
of Education honored her by giv-
ing the school her name.

At nine o'clock they go to their
regular school work and at 12:20
p. m. march into the dining hall
and are served to a good, well bal-
anced, hot dinner, such as many
would never get in their homes.
About 12:45 p. m. they finish
their dinner and the girls march
to their room and the boys theirs,
and there you see a mighty battle
of teeth and tooth brushes. When
this is done away to their beds
they rush for an hour's sleep or
rest.

At 2:00 p. m. at a given signal
they arise from their beds, put
their blankets away and are again
ready for work.

Each child has his own cot and
blankets for the entire school
year and no one else is allowed to
use them. At the close of school
they are fumigated, cleaned and
ready for use the next fall.

There are at present about forty
enrolled in the school. Seemingly,
they like it better there than
at other schools. In lots of ways

KEEPING WELL—An Rx Tablet

gestion and elimination.

ARMSTRONG'S DRUG STORE

It is better for them, for they get
privileges that could not possibly
be given elsewhere. For instance,
on every special holiday, such as
Hallowe'en, Thanksgiving and
Christmas, special dinners are
served to them and by that, we
mean a feast is spread. Many
good things are donated by out-
siders and a general good time
enjoyed by all. Then, too, each
child's birthday is celebrated by
extra nice things to eat, and all
of these little things go towards
making his life happier.

There are four shower baths in
the school, two for the girls and
two for the boys. There is hot
and cold water with plenty of soap
and towels and each child is com-
pelled to take two baths a week
if he gets none at home.

The whole three years I have
been there, never have I seen any
partiality shown. Every child is
treated alike. The teachers are
lovely and congenial and the chil-
dren darlings. There is nothing
they would not do for "Miss
Susie" it is in their power to do so.
The boys are just like little
gentlemen men.

By buying a few stamps from
them each of you, would take very
little from your savings, and that
little would go a long ways to-
wards helping the cause in many
ways for one chore card, for they
cost on the average of ten or
twelve cents per capita. And who
knows what if a weakly child goes
strictly according to his chore
card, he might some day grow to
be a strong and hearty person.

ELGIN HIGH SCHOOL DEPARTS FOR THE EAST

Elgin, Ill., Dec. 1.—Seventeen
members of Elgin high school's
undefeated football squad will
leave this noon en route to
Stamford, Conn., where they will
meet Stamford's eastern title
holders Saturday afternoon.

Elgin, undefeated in the north
eastern Illinois conference won
over Decatur, central and south-
ern division champions, meeting
the terms of the Stamford chal-
lenge. Stamford high won all its
games against Connecticut, New
York and New Jersey teams and
scored on but once.

Jasper, Ala., Dec. 1.—Fire or-
iginated early today in the build-
ing of the Crawford Mercantile
Co., destroyed twenty business
houses and ten residences before
it was brought under control.
Early estimates place the loss
above \$500,000.

DESERTION CHARGES IN DIVORCE CASE

Jury Found In Favor of Samuel Williamson in Suit Brought Against His Wife—O'Connell Murder Case Set for Trial.

In the circuit court yesterday a jury heard the evidence in the divorce suit of Samuel Williamson against Susan Williamson. The complainant who was represented by W. N. Hargrove, charged his wife with desertion.

Mrs. Williamson was represented by J. O. Priest and she alleged that she had been deserted. The jury decided that the charges made by Mr. Williamson were sustained by the evidence.

Docket Entries.
Docket entries made by Judge Smith Wednesday were as follows:

In the case of Harry V. Strunk vs. George Tribble, judgment for the defendant was entered.

In the case of Bertram Southwell vs. John N. Peters, demurrer was entered to the amended bills.

In the appeal case of B. F. Lane vs. Dr. C. C. Cochran, the proceeding was dismissed by the plaintiff.

In the appealed case of George W. Tribble vs. Harry Strunk, judgment for the plaintiff for costs was entered.

In the appealed case of Martin Cosgriff vs. Roy Goodrick, motion made by the defendant for the appointment of costs.

In the assumpsit suit of Walter Fearneyhough vs. Hettie B.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound) and with olive oil in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No nausea, no griping, no injury to the system. They are as safe as food—yet they cleanse the liver and bowels. They are sold in 25-cent and 50-cent boxes. They are sold by all druggists and are a better substitute than calomel.

Johnson demurrer was entered to the special plea.

The appealed case of S. F. Birdsell vs. Howard Thompson was dismissed by the plaintiff.

In the suit of Elizabeth Spencer vs. Jacksonville Railway and Light Co., the death of Elizabeth Spencer was suggested and the name of W. S. Spencer substituted and leave given to the plaintiff to file additional counts.

In the partition suit of Carrie Campbell et al. vs. William H. Campbell, report of master was approved and decree entered.

Docket Set.
The docket was set for the coming week of court, and also for the Monday following. On the last mentioned date, Dec. 13, the purpose is to begin the trial of Timothy O'Connell, who is charged with the killing of Elwood Lent in Brown county. In the trial a year ago a hung jury resulted.

The docket is as follows:
Monday.
Law—Daniel P. Smith vs. John A. Paschall; assumpsit.
Criminal—The People of Illinois vs. Charles S. Magill; confidence game.

Tuesday.
Criminal—The People of Illinois vs. Russell Higgins; larceny.

Wednesday.
Law—John D. Hembrough vs. Walker D. Hines, director general of railroads; trespass on case.
Chancery—Connie Stevens vs. Wesley Stevens; separate maintenance.

Thursday.

M. V. H. MEETING TO BE HELD IN CARROLLTON

First Annual Meeting of Jacksonville, Alton & St. Louis Division—Scheduled for Carrollton Tomorrow—Officers to Be Elected.

The first annual meeting of the Jacksonville, Alton & St. Louis division of the Mississippi Valley Highway Association will be held at the court house in Carrollton at 2 p. m., Friday, Dec. 3. Announcement of this fact was made by A. E. Nissen, official organizer of the association, who was a visitor in Jacksonville yesterday.

H. K. Chenoweth of this city is secretary of the division, as well as of the Burlington, Macomb and Jacksonville divisions. Vincent R. Riley is the local director for these two divisions.

The object of the meeting is to elect new officers for the coming year and to organize to get action on the paving of the highway from Alton to Jacksonville this year if possible. The Alton and St. Louis section is now practically complete.

It is hoped that a large delegation of M. V. H. boosters from this city will be present at the Carrollton meeting.

LAD STRUCK BY AUTO IS INJURED

"Jimmy" Johnson Stepped From Wagon Into Pathway of Car—Fractured Leg Resulted.

"Jimmy" Johnson, son of Mr. and Mrs. Leo Johnson of 413 South Kosciusko street, was injured Wednesday morning when he was struck by an automobile.

He was taken speedily to Passavant hospital under the care of Dr. H. C. Woltman. An x-ray examination was made and it was found that he had a broken collar bone and a fracture of the leg. The injuries are painful but it is not believed that any deformity will result.

The child frequently climbs into the wagon of the milkman who serves his home and rides for several blocks. Yesterday morning he took such a ride and when he climbed down from the wagon ran behind it and across the path of the oncoming car, driven by Jesse Parrish. The driver in an effort to avoid running over the lad, turned the car sharply to the curb and over the walk. Even this action could not entirely save the boy, who received the injuries mentioned.

The car, which belonged to McNamara & Heneghan was considerably damaged. Mr. Parrish picked up the lad and carried him to the house, summoned the

doctor and in other ways gave all possible assistance.

Now's the time to have your car overhauled. Take it to those competent mechanics, King & Wolke, at the Oakland Garage, South Mauvaisterre street.

LAYING BRICK
ON EAST STATE STREET
The work of laying brick on the East State street pavement was begun Wednesday afternoon. A group of city officials, together with Inspector George T. Wiseman, watched the workmen begin this part of the contract.

It is an event worth chronicling means that the curb and foundation work have been done and that it is now practically certain that the whole job can be completed in the course of two weeks. Brick can be laid safely except in the most extreme weather and there is no danger from frost in applying a pitch filler on the surface.

STATE HOSPITAL PATIENT DIES

Andrew Wilkes Choked to Death at Dinner Table—Inquest Held.

Andrew Wilkes, a patient at Jacksonville State hospital, choked to death there early Wednesday afternoon. Coroner Rose was notified and an inquest was held. The testimony of witnesses indicated that the man had filled his mouth so full of food that it could not be swallowed.

The opinion of physicians was that a sudden paralysis of the throat had occurred. The deceased, a colored man, was 45 years of age, and was committed to the state hospital from Macon county in 1918.

The jury which investigated the case included William Batz, George Corbridge, E. D. Vieira, J. R. Kirkman, J. E. Stice and Howard Cully.

**RED CROSS WILL
NAME DIRECTORS
HERE ON FRIDAY**Election Will Be Held at Public
Library—Thirty to Be Chosen.

Directors for the Morgan County Chapter, American Red Cross, will be elected here Friday. Thirty directors are to be chosen from a list of sixty candidates.

The election will be held at the public library, the voting hours being from 10 a. m. to 4 p. m.

Ballots similar to those used in public elections have been printed, with the customary square before the names. To vote for a director one should make a cross in the square before his or her name.

Any number of the Red Cross may vote in the election.

Following are the sixty names from which the thirty will be selected:

**HIGH SCHOOL PLANS
DEBATE WITH E. ST. L.**

Members of Red and White Team
 Vote to Oppose Southerners.
 Hold Meeting Tuesday.

The Jacksonville High School Debating society held its regular meeting Tuesday afternoon in the David Prince school. A letter received from East St. Louis regarding a debate with them was read and it was voted by the society to debate with them the coming year.

A committee of three was appointed by President Furry to select a question and send it to St. Louis for their censorship. The committee was composed of Howard Nicol, chairman; Frank Cohen and Thelma Pires. The question that they will offer to East St. Louis is:

"Resolved—That the Swiss system of universal military training should be accepted in the United States." The society is awaiting a reply now from Quincy regarding a question that was sent to them for their stamp of approval. The cities, Quincy, Springfield and Jacksonville, are this year having a hard time deciding on a question for the coming Tri-City debate. Quincy has generally selected the question which both Springfield and Jacksonville would accept. However this year, Mr. Schaeffer, principal of the local school, offered a question which was more satisfactory to Springfield than the Quincy question, thus making it two to one in favor of the Jacksonville question. The Jacksonville question is regarding immigration and is well adapted for a high school debate.

A declaration was rendered by Edward Hill during the meeting, and Howard Nicol was called upon for an impromptu speech upon "Dynamics of High Ideal." The meeting adjourned after deciding to reconvene the 10th of December.

RHEUMATIC PAINS

Quickly Eased by Penetrating
 Hamlin's Wizard Oil

A safe and effective preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out the soreness and loosens up the stiff aching joints and muscles. Wizard Oil is a good dependable preparation to have in the medicine chest for first aid when the doctor may be far away. You will find almost daily uses for it in cases of sudden mishaps or accidents such as sprains, bruises, cuts, burns, bites and stings. Just as reliable, too, for earache, toothache and croup. Always keep it in the house.

Generous size bottle 35c.
 If you are troubled with constipation or sick headache try Hamlin's Wizard Liver Whips. Just pleasant little pink pills at druggets for 30c.—Adv.

**MY SUNSHINE LADY
AT GRAND TODAY**

"My Sunshine Lady," the very latest of American made operettas to attain conspicuous popularity and predicted to promise one of the most gratifying financial successes of the last decade, is announced by LeComte and Flesher for the Grand theater on Thursday evening, Dec. 2.

The story revolves around a comely maid from Brittany in whose mind dwells her fairy love ideal, while her heart seems to lead to another. Faithful to her fairy beliefs, however, she strives to control this new love and seeks for the one the fairies had told her was the one to make her happy.

Her quest is set to end at a certain hour of a certain night in New York City, meanwhile circumstances must govern her wanderings, and these abound in all sorts of picturesque and confusing situations, revealing plots and counter plots, until the little heroine, discovering the key to the situation, takes leadership in the "heart" conspiracy and after duly punishing her tormentors leads them to the scene of the fairies' planning and they all live, etc., etc.

Among the principals are such well known names as Gudrun Walberg, Leona Stater, Allan Carter, Bessie Delmore, Tom Crowley, Gilbert Tossick. The delightful score contains a number of alluring and lingering airs, including the theme song, "My Sunshine Lady," "I Miss You Honey," "Deed I Do," "Dixie Is Calling Me," "Mere Man," "The Vampire Girl" and as many more. Much stress was laid to obtain the large beauty chorus, and those who have seen the chorus declare that they not only

look sweet, but they sing and they dance just as sweetly.

**VISITS SISTER HE HAD
NOT SEEN IN 40 YEARS**

Hiram McKean, of Clay Center, Kan., arrived in this city Tuesday morning, and spent the day with his sister, Mrs. J. W. Bowen, 403 Lincoln avenue, whom he had not seen for forty years. Mr. McKean was at one time a resident of Naples, but for many years has resided in Kansas and Oklahoma.

Mr. McKean stopped in this city on his way to Philadelphia, Pa., where he expects to locate for the winter. He is connected with the Morris Packing Co. If he returns west in the spring, he may stop here for a longer visit with his sister. He left last night to continue his journey to Philadelphia.

SMOKE LA COX CIGARS**CURED HIS RUPTURE**

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 517 G Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.—Adv.

Christmas Giving---Why Not a Piano?

The custom of presenting gifts at Christmas tide is an old and beautiful one, and has become so universal that we forget it had its origin in religion; so general has it become in Christian nations that all of our relatives and friends expect to be remembered by some material manifestation of our regard for them. WHY NOT A PIANO OR PLAYER AS A GIFT FOR SOME ONE IN YOUR HOME?

True, it is sometime until Christmas, but not too soon to begin to THINK about Christmas Gifts, and to LOOK so that decision may be unhurried.

Above we have given you some wonderful prices on new, standard makes of pianos and players—prices, that if interested in a musical instrument, you cannot afford to overlook. May we not have the pleasure of assisting you in selecting the gift that is sure to bring untold happiness to some loved one?

Two Illinois Telephone Company Officials

W. W. HOLLIDAY
President and General Manager

J. H. DIAL
Secretary and Auditor

Mr. Holliday, who is the president and general manager of the Illinois Co., has been the largest factor in its growth. When he first began his connection with the Illinois Co., 20 years ago he was living in Chapin and was placed in charge of the exchange and business at Carrollton. His exceptional work there during a 20 months period resulted in his transfer to this city. In the course of two years he became local and general manager of the company and has served in these capacities for sixteen years. During the last five years of this period he has been the president of the company.

Mr. Dial is secretary and auditor of the Illinois Telephone Company. He entered upon this work in which he has made a marked success, after a period of years in educational work. He was serving as principal of the schools in Murrayville when called upon to take up the duties of his present position. He has developed with the business.

CAMPAIGN FOR CHADDOCK

Dr. H. L. Griswold, who is guardian of the two boys at Chaddock boys school in Quincy who are wards of Grace M. E. church, returned yesterday from a visit to the school. A campaign for \$500,000 for the support and enlargement of the school is being asked to subscribe \$150,000. The first contribution of \$500 to the fund was received from Miss Rachel Hall of this city who is a student at Wellesley College.

TELEPHONE MERGER AFFECTS PROPERTY IN THREE COUNTIES

Illinois Company Will Purchase Bell Interests When Appraisal Has Been Completed—Transaction Means Payment of More Than \$300,000—Connect Local Exchanges

Official announcement was made yesterday of the coming merger of Illinois Telephone Co. and Bell Telephone Co. properties in Morgan, Scott and Greene counties.

It has been a matter of general knowledge for several weeks past that appraisers are at work fixing valuations of properties for the two companies and that at a comparatively early date the Illinois Co. will become the owner of the Bell holdings in the three counties mentioned. This, however, does not apply to the long distance business of the Bell Co. It is interesting to note in this connection that the Bell Telephone Co. owned to exist in Illinois yesterday the property now being owned and controlled by the Chicago Telephone Co.

The amount of money involved in the purchase of the Illinois Co. will be approximately \$250,000 and in handling the additional business the Illinois Co. will install between \$60,000 and \$70,000 worth of equipment, according to statement made yesterday by W. W. Holliday, who is president and general manager of the Illinois Co.

Up to State Board. In proceedings of this kind a transfer cannot be made without the approval of the state utility commission. To secure such approval definite statements must be made as to the exact amount of property owned by each party to the transaction. Just when the Jacksonville case will be presented to the utility commission cannot be stated at this time, as the hearing will be at the first opportunity after the completion of the appraisal. The Illinois Co. was allowed 60 days for the appraisal and men have been at work about three weeks.

The appraisal itself will cost from \$10,000 to \$11,000, as it is necessary to make this very thorough and painstaking. The appraisers who are experts, must fix the value of every individual article that the companies own. While not every phone is inspected, at least one in five must come under inspection, and the same is true of poles. The method followed with reference to poles is to dig down into the ground and find the condition of the pole exposed in the part of the pole exposed in the ground.

The valuation placed in effect for a five year period from 1914 to 1919. There are various classifications for the poles of different sizes and conditions. The same general principle of appraisal applies to other articles and a telephone instrument is valued on the basis of its condition in accordance with schedules effective in previous years.

Four Cities With Two Systems. It can be put down as certain that the commission will approve the merger plan, for the duplication of systems in the view of the commission means an unnecessary expense for the public. There are today only four downstate cities, including Jacksonville, where two systems are in operation.

President Holliday and Secy. Dial yesterday in explaining the physical connections which will be made when the merger has been completed, made it clear that several months will elapse before the work is all done. As soon as the approval of the utilities commission is given, 25 pairs of trunk lines will connect the two local exchanges.

This will make it possible for anyone served by a Bell phone. This plan of operation will be only temporary—that is, to be in effect until the merger is complete. Gradually the Bell phones will be cut in to the Illinois switchboard. When this work has been completed the necessity for the Bell exchange will be at an end.

When the Bell Co. will retain ownership of the long distance lines in the three counties, these lines will be operated thru the exchanges of the Illinois Co. and the tolls resulting from the service will be apportioned. There is no doubt but that after the merger becomes effective the Illinois company will raise its rates with the approval of the utility commission. Without this increase in prospect the company would not be in position to undertake the larger service project.

The increase asked will be predicated upon the increases in operation costs, and with the showings made by various companies whose cases have been considered by the commission, it is not difficult to gain the increases.

Higher Rates Necessary. The Illinois Co. officials point out that such increases in rates would have been inevitable, even without the merger plan, and that for many patrons also there will be a higher rate charge, that the consolidation will mean a saving as it abolishes the double phone system. The patron who has not used both phones will under the merger have a larger service because all the phones which are now operated by the Bell Co. will be available for his use.

The Illinois Co. has a total of 2,820 phones in Jacksonville and

the territory contiguous, the whole number the company owns in the three counties being 6,750. The Bell Co., according to statement made by Manager Taylor, is operating about 2,200 phones in Jacksonville and vicinity.

The Illinois Co. is owned by 130 stockholders, many of whom are resident in this county and nearly all in territory contiguous to this county. One hundred and thirty-five people are now employed and the annual payroll runs to \$70,000. This money is disbursed locally and other funds are distributed by the company in the dividends to the stockholders. Thus it can be readily seen that the Illinois Co. is one of the important business institutions of Jacksonville.

Today the company owns exchanges at Alexander, Bluffs, Carrollton, Greenfield, Hillview, Jacksonville, Manchester, Patterson, Roodhouse, White Hall, Wrights and Woodson. When the merger is effective it will take over the Bell exchanges at Alexander, Carrollton, Jacksonville, Roodhouse, White Hall and Litterberry.

The history of the Illinois Telephone Co. dates back to 1894, when the business was founded by B. F. Wasson, who built a line from Naples to Winchester via Bluffs and Exeter. At that time the system included 5 telephones and 20 miles of wire. In July of the following year Judge F. C. Funk of Winchester became a partner with Mr. Wasson and the loop was extended to take in Riggs, O'ville, Glasgow and Manchester.

In 1896 C. F. Tonn formed a partnership with the two already mentioned and a line was extended to Carrollton by way of Roodhouse, White Hall and Belltown. This was the first line connecting the towns in Greene county. The year Mr. Wasson withdrew from the partnership and in 1897 the company was incorporated for \$5,000 and the line extended to Jacksonville by way of Chapin, with a spur which led to Meredosia, Concord and Beardstown.

Story of Growth. In 1898 the stock was increased from \$5,000 to \$25,000 and exchanges were built at White Hall, Greenfield, Carrollton and Roodhouse. Several years later another stock increase from \$25,000 to \$100,000 and Bluffs was made the headquarters of the company. Then in 1901 there was a move to Jacksonville and an exchange was built, the capital stock in 1904 being increased to \$500,000.

Judge, F. C. Funk was one of the six original directors and is still serving on the board. A. L. French was the first president with Judge Funk as secretary and C. F. Tonn as general manager. The several presidents who have served have been A. L. French, Henry Perbix, E. P. Kirby, E. S. Greenleaf, J. R. Loar, and W. W. Holliday. The directors of the company at present are: S. W. Ingalls, M. R. Fitch, J. H. Dial, S. E. Simpson, W. W. Holliday, M. B. Ross, C. T. Metcalf, F. C. Funk, C. H. Russell.

When the Illinois Co. came to Jacksonville in 1901 the rates for service were \$4 for a business phone and \$3 for a residence phone. It was not long until the company had reduced these rates 50 per cent. At that day there was no rural line development and to the Illinois company can properly be given the credit for the rural development which soon began and has continued in the intervening years.

It is a well known fact that the Illinois Co. has been one of the most effective of the independent concerns and its record has been such as to interest telephone men in all parts of the country. From a humble beginning it has grown thru the years into the present large and well managed business organization.

Mr. Taylor, manager for the Bell phone company, yesterday received his instructions that the Bell interests in the state have been transferred to the Chicago Telephone Co. and the business dating from yesterday is now done in the name of that company. The Chicago Telephone Co. operates about 900,000 telephones in Chicago and nearby territory. The acquiring of Bell properties down state means the addition of about 200,000 phones. Mr. Taylor has served as district manager for the company in a very efficient way and he is known as a thoroughly competent telephone man. Just how long he will remain in Jacksonville is uncertain, but because of his record here and elsewhere he is certain to be well taken care of in the Bell organization.

ROSE BARBER SHOP IN NEW HANDS

Coroner Sells Business Long Established On East State Street. A Remarkable Record.

Coroner Charles A. Rose, who since 1903 has conducted a barber shop on East State street, has sold his establishment to James Butler and is leaving the barber business, at least temporarily.

Mr. Butler took possession of the Rose shop today and has closed it temporarily while certain changes and repairs are being made. It is understood, however, that Mr. Butler will continue the business at the old stand.

Coroner Rose is one of Jacksonville's veteran barbers, having started in the business twenty-eight years ago. He and his brother opened a shop on East State street in 1892, which they later sold. Mr. Rose then entered the employ of Louis Piepenbrink, who was conducting a shop on South Main street. Then in 1903 Mr. Rose bought the East State street shop, where he has been in the tondorial business ever since. During the twenty-eight years he has been a barber, Mr. Rose has been away from the chair on Saturday only four times, which is indeed a remarkable record.

Coroner Rose wishes to thank the public for the decided will be his future occupation, but states that he has several things under consideration. Whether he will again enter the barber business is not known.
